

for alternative providers, that practice standard further requires registered nurses to inform those most directly involved of their conscientious objection, and to ensure a safe transfer of care to an alternate provider that is continuous, respectful and addresses the unique needs of a client.

## STANDARDS, LIMITS AND CONDITIONS

### Standards

1. Registered nurses ensure that a client has access to the information that the client requires to understand all of their options and to make informed decisions about medical assistance in dying and other end-of-life options such as palliative care.
2. Registered nurses assess the cultural and spiritual needs and wishes of the person seeking medical assistance in dying and explore ways the person's needs could be met within the context of the care delivery.
3. Registered nurses work with their organizations and other members of the health care team to ensure that the person requesting or receiving medical assistance receives high quality, coordinated and uninterrupted continuity of care and, if needed, safe transfer of the client's care to another health care provider.
4. Registered nurses who participate in medical assistance in dying, follow legal, legislative, regulatory and organizational requirements for aiding in the provision of medical assistance in dying.
5. Registered nurses may obtain unused substances intended for the purpose of providing medical assistance in dying to a pharmacy, when asked by the assessor-prescriber. When asked to carry out such a request, registered nurses ensure the drugs are stored securely until transported and are returned to the pharmacy within 72 hours of the MAiD procedure, and they sign any forms normally signed by the assessor-prescriber to note the return of the substance.

### Limit and Conditions

1. Registered nurses only aid in the provision of medical assistance in dying and do not act as an assessor or assessor-prescriber<sup>34</sup> or provide medical assistance in dying to a person (i.e., they do not prescribe, compound, prepare, dispense or administer any substances

<sup>34</sup> Assessor: A nurse practitioner or medical practitioner who is responsible for completing an assessment of the client's eligibility for medical assistance in dying.

Assessor-Prescriber: A nurse practitioner or medical practitioner who is responsible for completing both an eligibility assessment and providing medical assistance in dying by prescribing and (when applicable) administering the substance to be used in MAiD. This role may be referred to by other regulatory colleges as the "prescribing nurse practitioner".
