Substantial change(s)

PLEASE CHECK ALL THAT APPLY

Substantial change refers to the revision of a recognized education program that includes a major change, rather than a formative modification, in one or more of the following criteria:

- How the curriculum addresses the competencies and the BCCNM Standards of Practice, including changes in the nature and extent of learning opportunities in the curriculum
- Learning resources and infrastructure to support student achievement of the competencies and the BCCNM Standards of Practice, including laboratory, simulation or faculty resources and program learning experiences with clients
- Expectations about overall student academic performance, including evaluation of student practice and policies about safe student performance
- Campus location including moving the campus within or outside of the current municipality
- Development of a partnership to offer the program collaboratively with another educational institution
- Change (increase or decrease) in the number of students beyond 10 percent of what BCCNM has currently recognized for a program
- Changes to admission requirements or program completion requirements
- Any other significant change that will or may impact on the ability of the students to achieve the requirement to proceed in the registration process with BCCNM following graduation from the program
